## NUKEX™ Overview

NUKEX™ is the official title of a digital publication within the Artificial Love™ Universe. This publication introduces NukeX — a class of high-density synthetic energy constructs capable of reshaping digital and physical environments.

Within the narrative, NukeX technologies represent the convergence of quantum computation, synthetic matter, and autonomous energy systems.

This publication explores:

- the theoretical basis of NukeX energy
- its applications within the Tri-Cities™
- the risks associated with self-propagating power systems
- the political and ethical implications of energy autonomy

NUKEX™ is used here as the title and trademark of this downloadable publication.
