ZARKOS™ Overview

ZARKOS™ is the official title of a digital publication within the Artificial Love™ Universe. This publication introduces Zarkos — a class of post-synthetic beings whose evolution is shaped by conflict, adaptation, and environmental extremity.

Zarkos represent the raw, unfiltered edge of survival-driven intelligence.

This publication explores:

- the origins of Zarkos physiology
- their adaptive combat-driven evolution
- their role in the Tri-Cities™ geopolitical landscape
- the philosophical implications of engineered aggression

ZARKOS™ is used as both the title and trademark of this downloadable publication.
